About Syncfusion

Our mission is to help our customers deliver awesome enterprise software quickly.

"An excellent toolset and a great support team. I have been using Syncfusion's products for a couple of years, and they save me a lot of time on development."
-Oswaldo Diaz,
Product Manager

OUR HISTORY

Syncfusion is the enterprise technology partner of choice for software development, delivering a broad range of web, mobile, and desktop controls coupled with a service-oriented approach throughout the entire application life cycle.

Founded in 2001 and headquartered in Research Triangle Park, N.C., Syncfusion has more than 12,000 customers and more than 1 million users, including large financial institutions, Fortune 500 companies, and global IT consultancies.

Today we provide 800+ controls and frameworks for web, mobile, and desktop development. We provide ready-to-deploy enterprise software for dashboards, reports, data integration, and big data processing. Many customers have saved millions in licensing fees by deploying our software.

For more information, please visit **www.syncfusion .com/company/about-us** or check out our free collection of e-books, customer stories, and white papers.
